1.3.E Describe Key Elements of Differentiation

Back

Question 1

Not yet answered | Marked out of 10.00

Flag question

Describe key elements of differentiation.
Match the sentence parts.

Differentiation is intrinsically linked to assessment because...	it informs the teacher and students how the learning is going and what is needed next.
Differentiation is student centered because...	...all students are actively learning, and the learning is adjusted to the needs of the students.
Differentiation is organic and dynamic as...	...the lesson content, process and output needs to be continually adapted to the learning of students.
Differentiation includes blended instruction as...	...students work in small groups, at home, online and offline, as well as receiving whole class instruction.

Highest grade: 10.00 / 10.00.
